## What is it?

Law enforcement, prosecutors' offices, and community leaders are invited to shape Washington's next steps in addressing the opioid epidemic.

- Discuss creative strategies for investigating and prosecuting the distribution of heroin and the unlawful distribution of prescription opioids.
- Interact with colleagues from across the state to identify what's working and how we can be more effective.

As your work is increasingly impacted by the opioid crisis, ensure that you have the tools you need and your voice is heard. Recommendations stemming from the Summit will be included in a follow-up report to state leaders.
